Subject: Petersen Ranch M.B. Area A as-builts

Hi Sarvy and Jan,

I am sorry you two were not able to make it to the site visit on Monday. If either of you are interested and able to do a site tour in the future I would be happy to schedule one for you.

Shannon and Warren came out on Monday and we toured the restoration sites in Area A and also made a brief visit to Area E to see how the alluvial fan is performing after this winter's storms. Shannon and Warren can fill you in on what they saw during the visit, but I think we demonstrated that everything was built consistent with the Development Plan.

We would like to get the as-builts approved and have the construction security released as soon as possible, so if there is any additional information or documentation that you need please let me know. Otherwise, if you are satisfied with the as-built documentation provided as well as any reports you hear back from Shannon and Warren, it would be great if the two of you could provide an email approving the as-builts in accordance with the BEI.

Thanks again to all for your work on this project and please let me know if there is anything we can do to help the as-built approval process move forward.

Nate
